

Will Fight To Keep Tax Down, Says L. M. Ford

Supervisor from This District Says No Foundation To Scare Rumors

Heading the cry of county tax payers for a reduction in the preliminary budget, Leland M. Ford, supervisor of the Fourth District, and a heavy taxpayer in his own right, yesterday opened a fight to keep governmental costs to a minimum.

"There are certain costs of government over which we have no control and which we must meet," Ford pointed out. "While there is an increase in several of these items, I believe we can cut into others and bring about a reduction of several million dollars from the preliminary figure."

Supervisor Leland Ford, who was appointed to fill the vacancy left by John R. Quinn last March, has been most active in fighting county government costs. He has paid as high as \$18,000 in taxes on property in this district and he is perfectly familiar with the property owners tax problems as well as being in sympathy with them.

"We arrive at the preliminary budget," he said, "from the requests of the county department heads for running their various departments. However, closer inspection and a detailed breakdown on the costs of the government usually gives us an opportunity to lower the figure."

CHRISTIAN SCIENCE CHURCHES
"Life" is the subject of the Lesson-Sermon on Sunday in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.
Among the Bible selections is the verse from Paul's first epistle to Timothy: "Fight the good fight of faith, lay hold on eternal life, whereunto thou art also called, and hast professed a good profession before many witnesses." Another citation includes these verses from the First Epistle General of John: "And this is the record, that God hath given to us eternal life, and this life is in his Son. . . . And we know that the Son of God is come, and hath given us an understanding, that we may know him that is true, and we are in him that is true, even in his Son Jesus Christ. This is the true God, and eternal life."
A correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, states: "This is life eternal, says Jesus—*is*, not *shall be*; and then he defines everlasting life as a present knowledge of his Father and of himself—the knowledge of Love, Truth, and Life. "This is life eternal, that they might know Thee, the only true God, and Jesus Christ, whom Thou hast sent."

Beware of the Single Tax Trap!

DO NOT BE DECEIVED! On your November 3rd ballot you will be asked to vote for or against "Repeal of the Sales Tax." Beware! You can't vote for Sales Tax Repeal without voting for Single Tax.

To vote for Single Tax is to vote for an amendment to the California State Constitution, placing in our constitution a fundamental law that would put practically all taxes on land—taxes that most people would be utterly unable to pay. And this failure to pay would mean confiscation by the state of practically every home, every ranch and farm, every city lot.

Landlords would have to boost rents—merchants would have to raise the prices of food, clothing and other necessities in a vain attempt to meet this destructive tax. The state would go bankrupt. Thousands would be thrown out of their jobs.

The passage of this deceitful measure would bring chaos and disaster to your state, to your home, to you.

Tell others the truth about this Single Tax trap. Don't delay. Get out today and work against it. Save your home and your job. Send for literature. Do it now!

Southern California Co-ordinating Headquarters have been established for the purpose of assisting organizations, communities and public spirited citizens of all Southern California to combat this drastic and dangerous constitutional amendment.
